

Customized Printing Solutions: High-Quality, Efficiency, Adaptability

Designed for lower volume, mixed or automatic applications, the Customizer, like all Iconotech Digital Case Printers, is rugged, easy to use, and virtually maintenance free. It takes a wide range of case or bag sizes with no adjustments. This hand-fed press easily prints 1,000 cases per hour and provides a low-cost means of printing almost any shipping container—flat cases, blanks, die cuts, or multi-wall bags.

Customizer

The Customizer prints one side at a time, one color. The computer generated printing stencil allows exacting placement of very high resolution print anywhere within a 32" x 11" area, including text in any Windows™ font, fine-line graphics and logos, as well as consistently verifiable bar codes in a variety of symbologies.

Printer Dimensions:

Width: 65" (1651 mm)

Length: 28" (710 mm)

52" (1321 mm) with feeder table

Height: 54" (1375 mm)

Exit Height: 30" to 40" adjustable (762 to 1016 mm)

Weight: 850 lbs. (386 kg)

Print Specifications

Print Area:

Width: 11" (280 mm)

Option: 23" (584 mm)

Length: 32" (812 mm)

Resolution: 200 dots per inch (8 dots per mm)

Prints per Film: 2,000–5,000

Color: Single color

Printer Capacities

Print Rate:

Maximum: Throughput subject to length of product

Maximum Case Size:

Width: 45" (1067 mm)

Length: Unlimited with one 32" long print area

Thickness: 3/4" (19 mm)

Minimum Case Size:

Width: 10" (254 mm)

Length: 8" (203 mm)

Thickness: No minimum thickness

Inking System

Type: Continuous with automatic level control

Pumps: Dual Peristaltic

Feeder Table

Size:

Width: 47" (1194 mm)

Depth: 24" (590 mm)

Controls

Control Panel: Menu-driven controls including speed, batch count, fine adjust, print start, auto-stop and ink control.

Operating Requirements

Electrical Supply: 120V AC, 50-60 hz., 10 amps

Air Supply: Consumption 30 cfm,
65 cfm with air knife

Options

Movable Print Cylinder

Print Start Offset up to 120" from leading edge for placement of 32" print area anywhere along length of case

Exit Air Knife for bag printing

Auto Operation for integrating into production line
